

# Control Your Cash Flow

Pay monthly with VitusPay, powered by Splitit

No applications or credit checks – just monthly payments using your existing Mastercard® or Visa® credit card.

## BENEFITS

**No need to pay the full amount at once**

**Works with your existing Mastercard® or Visa® credit card.**

(Debit cards are not currently eligible).

**No application or credit check**

**Processed through your credit card as equal monthly payments**

# HOW IT WORKS

- 1 Look for the VitusPay option at your veterinarian.
- 2 Choose monthly payments during checkout with your Mastercard® or Visa® credit card.
- 3 Choose the number of monthly payments that best fit your budget.
- 4 At the time of purchase, the total amount will be reserved from your available line of credit and just the first payment will be charged.
- 5 Each consecutive month, your card will be charged the monthly amount.

## Example Payment Schedule

ORDER TOTAL

**\$300.00**

PAY TODAY

**\$100.00**

(Additional \$200 held on card)

2ND PAYMENT

**\$100.00**

(Remaining \$100 held on card)

3RD PAYMENT

**\$100.00**

(\$0 held on card)

- At the time of purchase, a charge for the first monthly payment will be processed by Splitit. The remaining balance will be held on your card until the final payment is made. After each monthly payment is processed, the amount held will be reduced to reflect payment made (the held amount might appear as "pending").
- To be eligible, you must have your own VISA® or Mastercard® credit card and have the full amount of your purchase available on your card.
- Paying with VitusPay, powered by Splitit offers better management of your budget by reserving the amount from your existing credit line and allowing you to use your cash flow for other purchases.
